All investments involve risks, including possible loss of principal. Investors should carefully consider a fund's investment goals, risks, charges and expenses before investing. To obtain a summary prospectus and /or prospectus, which contains this and other information, talk to your financial professional, call (800) DIAL BEN/342-5236 or visit franklintempleton.com. Please carefully read a prospectus before you invest or send money.

Indexes are unmanaged and one cannot invest directly in an index. Index returns do not reflect any fees, expenses or sales charges. **Past performance is no guarantee of future results. Diversification does not guarantee a profit or protect against loss. The indexes above do not represent the performance of any Franklin Templeton fund. For current performance of any Franklin Templeton fund, please visit franklintempleton.com or call (800) DIAL BEN/342-5236.**

Source: Morningstar. Standard deviation is a statistical measurement of the range of an asset class's total returns over the rolling three year period ending on December 31 of the illustrated year. In general, a higher standard deviation means greater volatility. Important data provider notices and terms available at www.franklintempletondatasources.com.
